PUBLIC STATEMENT – COVID -19

Dear Rostraver Township Community members: As many of you are aware, the presence of COVID-19 (Coronavirus) has been reported in Pennsylvania. The Rostraver Township Sewage Authority (RTSA) is sensitive to the serious nature of the Coronavirus and is following guidance from the Center for Disease Control (CDC) in order to keep our employees, public officials, and citizens safe. RTSA will continue to monitor updates from CDC and other government agencies as they become available.

RTSA will continue to hold regularly scheduled public meetings until further notice. Our next meeting is scheduled for Tuesday, March 24, 2020 at 4:00 pm. While the meeting is still being held, the public is encouraged to submit their comments or concerns to management in advance, in lieu of attendance. Procedures for future public meetings will be dealt with as needed, and advertised as well as posted.

If you or someone you know plans to attend the meeting, please be sure to wash your hands prior to coming to the meeting and limit physical contact with others during the meeting. More particularly, if you are ill, we ask that you do not attend public meetings in order to prevent the potential spread of illness to others. RTSA will post continuing updates. Feel free to submit any general questions or comments the RTSA Office or via email at info@rostraversewage.com

In the event that RTSA is required to hold its public meetings via remote access, we will provide further instruction to the community on when those meetings will occur and how to participate.

We thank you for your understanding and cooperation during this difficult time and we wish you and your families the best.
