OBLIGATIONS OF SELLER/PURCHASER

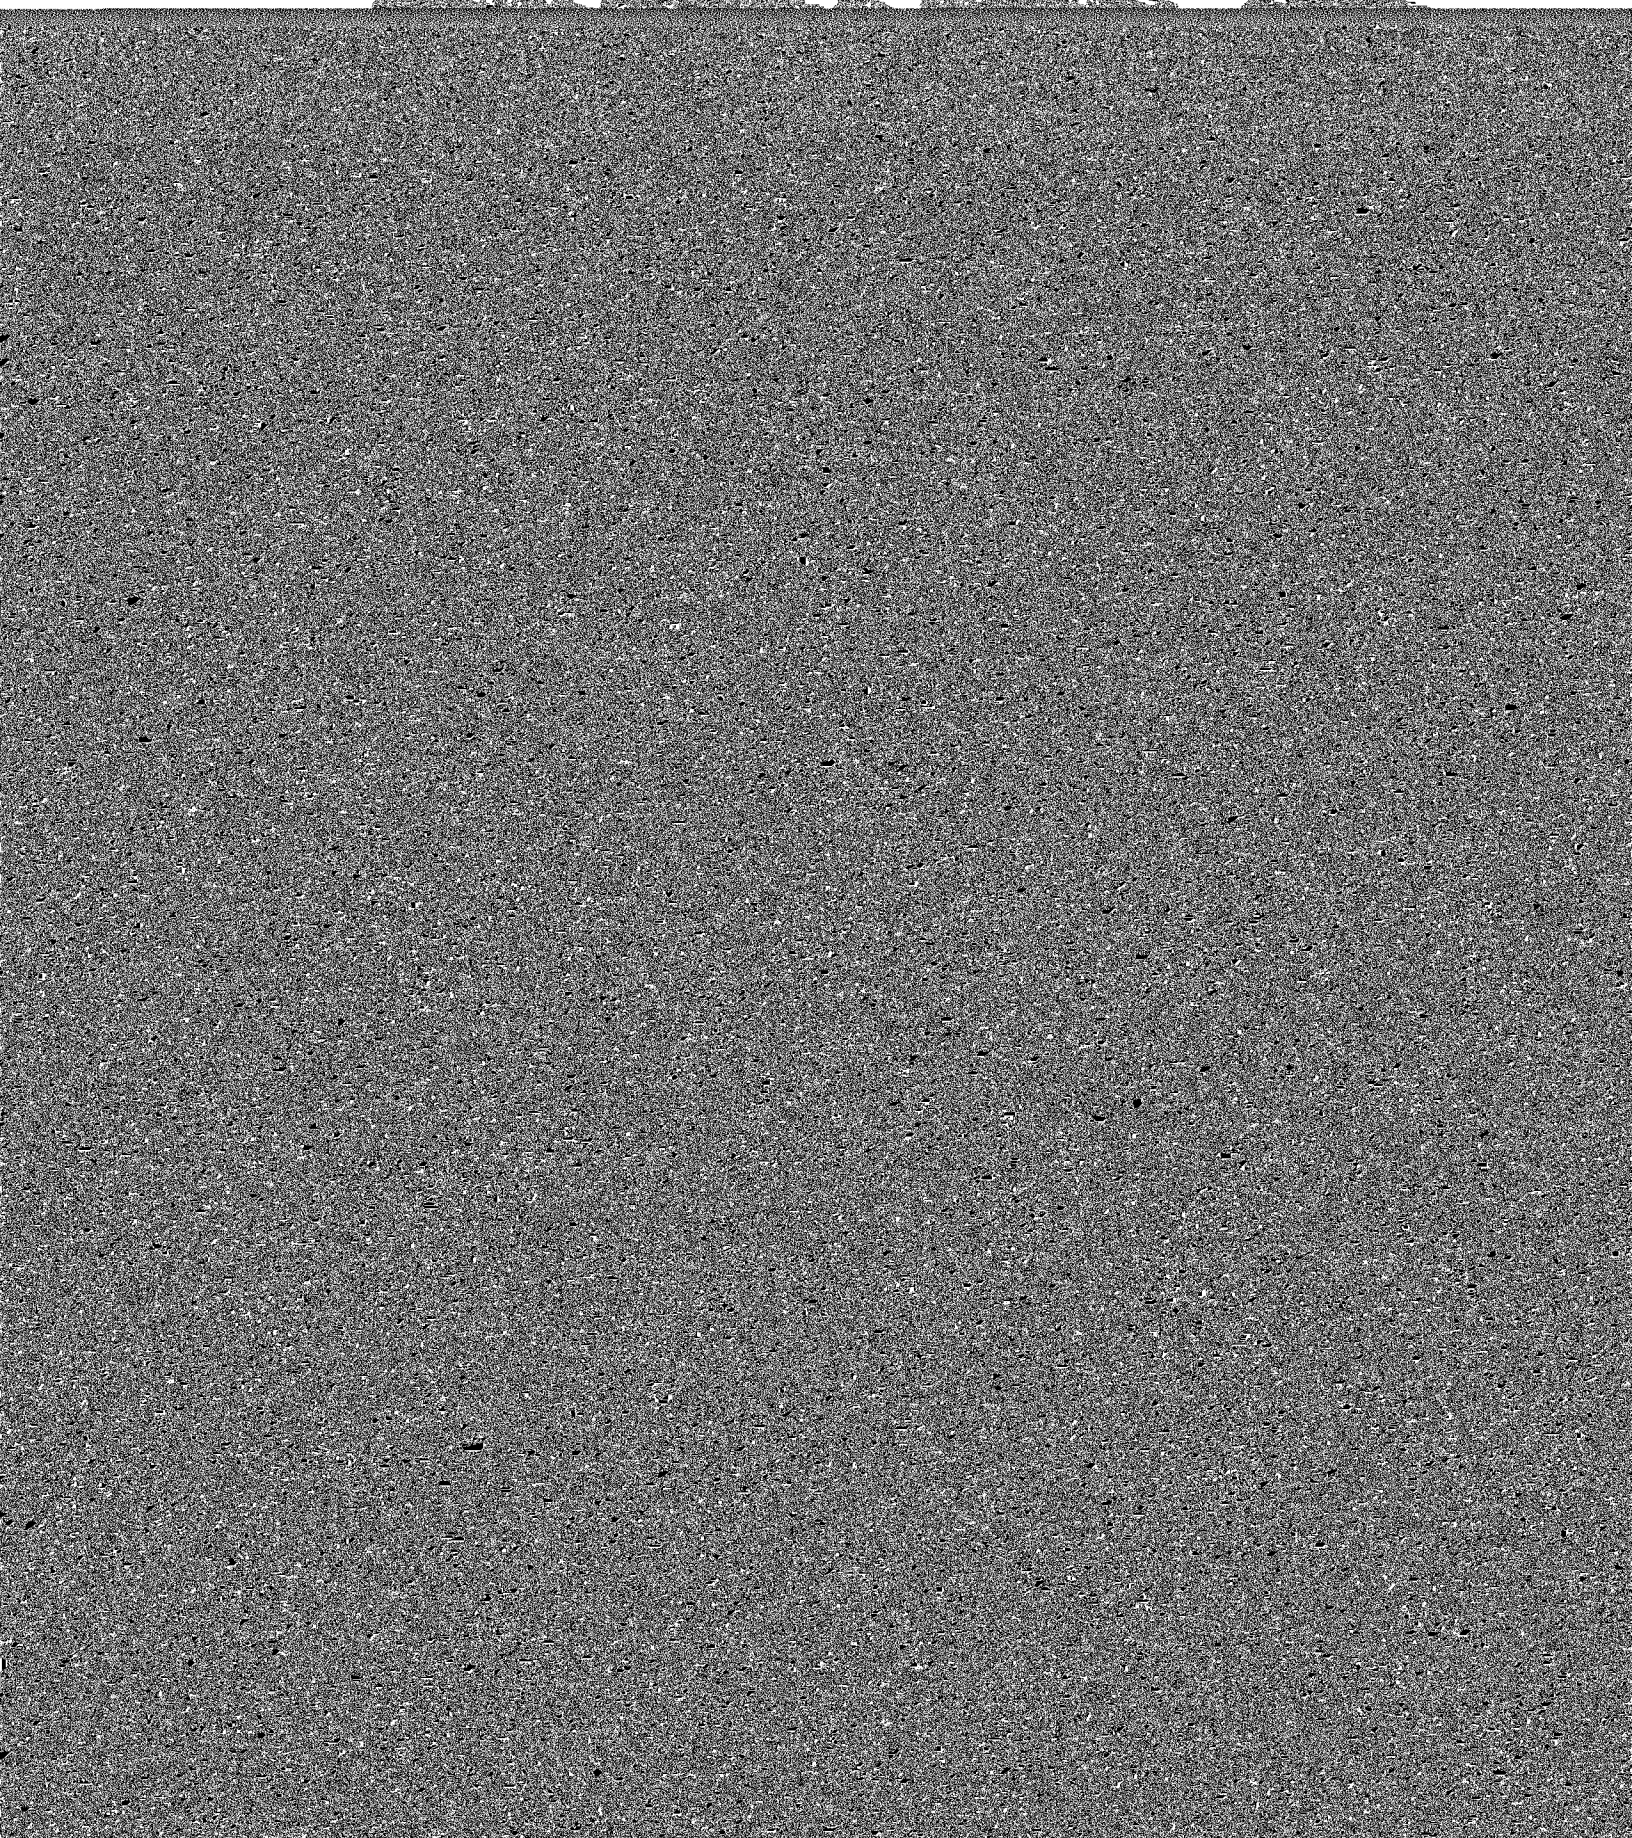
If a sale of a home/business occurs, a no-lien letter must be secured and both a dye test and sanitary sewer lateral test must be performed; (if a Lateral Inspection has already been performed within a 3-year period or the home is newly constructed; a new inspection is not required. Note: The Buyer has the right to request that a lateral testing be performed. Rostraver Township Sewage Authority only certifies the condition of the lateral as of the date of the most recent inspection, and cannot warrant that changes have not occurred since that date.
IMPORTANT: Should a CCTV lateral inspection not be required; A Dye Test is mandatory for every sale. The cost for a No Lien Letter/Dye Test Certificate is Fifty ($50.00)..

A dye test is performed to determine whether non-sanitary sewer water flows are entering the sanitary sewer system (i.e. from roof leaders, driveway drains, or foundation drains, etc). A sanitary sewer lateral test is performed to determine the condition of a property owner's lateral, whether it may be compromised, thereby allowing unwanted water inflow into the sanitary sewer system, and/or sanitary sewage infiltration into the soils.

The Rostraver Township Sewage Authority will adjust rates for the combined dye test/sanitary sewer lateral video inspection at time of property sale as follows:

The base fee for the combined dye test/lateral video inspection will be One Hundred Seventy-Five ($175.00) Dollars for up to 100' of lateral inspected. Any lateral greater than 100' in length will have an additional inspection charge of fifty ($0.50) cents per foot (due after the inspection has been completed). Should the inspection be requested to be done outside of regular business hours or after 2:00 pm. on week-days, or at any time within seven (7) days of the proposed property closing, the combined fee for the first 100' of lateral inspection will be Two Hundred Seventy-Five ($275.00) Dollars. The cost for the Authority no-lien letter is Twenty Five ($25.00) Dollars.

Should applicant choose to use a third (3rd) party to complete the required testing (dye testing and CCTV lateral inspection), a fee of $50 will apply for the time and inspection by Authority personnel of work being done.

Please see Appendix A as reference in Resolution 2021-2 and 2021-3 for time of sale testing requirements.


In order for property owner to address any observed defects in a timely fashion, it is recommended that this inspection be done as soon as possible upon property
